---

## PROJECTS

**Blix Media (Client Project):** Developed a fully responsive frontend website using HTML, CSS, JavaScript, Next.js, and Framer Motion animations.

**Personal Portfolio Website:** Built a dynamic, responsive portfolio using Next.js and Framer Motion, showcasing animations and design skills.

**Startup LLM Project (Work in Progress):** Building a full-stack platform using Next.js (frontend), Spring Boot (backend), and MySQL (database).

**Background Remover App:** Created an image background remover app using third-party API integration for fast and seamless background removal.

**E-commerce Application:** Designed and developed an e-commerce website using Next.js (frontend), Spring Boot (backend), and MySQL database.

**Teacher Institute Website:** Developed a frontend website for an institute to enhance branding, using HTML, CSS, and React.js.

**Contact Manager App:** Built a full-stack CRUD application using React.js, Spring Boot, and MySQL, allowing users to create, edit, and delete contacts.
